City of Duncan Rebate

Installation Information:

New Model is: Wood Burning Appliance

Pellet Appliance

Gas Appliance

Other (specify) _____

Retailer _____

Old Model _____

New Model _____

Purchase date _____

Tracking Number

We recommend that you make a copy of your completed application form and receipts for your own records, as all information provided will not be returned.

North Cowichan and the City of Duncan will pay up to \$350 upon proof that a used non-certified wood burning appliance has been replaced with a new EPA-certified appliance inspected or installed by a WETT-certified technician. The old woodstove must be received, by appointment, at the North Cowichan Operations Yard.

Declaration:

Signature _____

Date _____

I declare I have removed a non-EPA appliance and installed an EPA-certified appliance. I have read and understood the terms of the program and understand that the Municipality of North Cowichan/City of Duncan is not responsible for the installation or functioning of the appliance. The Municipality/City reserves the right to inspect or verify that the appliance has been installed.

If you qualify for the rebate, a cheque will be mailed to you within six weeks.

Where do I send my completed Application Form?

Applications may be dropped off or mailed to:

Woodstove Changeout Program
Engineering Department
Municipality of North Cowichan
PO Box 278, 7030 Trans Canada Highway
DUNCAN, BC V9L 3X4

MUNICIPALITY of **North
COWICHAN**

THE **+** LUNG ASSOCIATION™
British Columbia

WOODSTOVE CHANGEOUT PROGRAM

Exchange your old, uncertified woodstove (pre-1994) for a new EPA-certified wood, pellet or gas heating appliance.

**SMARTER BURNING
CLEANER LIVING**

Program starts March 1, 2010

NORTH COWICHAN RESIDENTS
Receive a \$300 rebate
and a \$50 retailer discount*

CITY OF DUNCAN RESIDENTS
Receive a \$350 rebate
and a \$50 retailer discount*

*at participating local retailers

WOODSTOVE CHANGEOUT PROGRAM

Starting March 1, 2010, this offer is being coordinated by the District of North Cowichan for both City of Duncan and North Cowichan residents. There are 100 rebates available for North Cowichan residents and 25 rebates for City of Duncan residents, on a first come, first served basis.

The program allows you to exchange your old, uncertified wood stove (pre-1994) for a new, EPA emission certified wood, pellet, or gas heating appliance then dispose of your old stove, at the North Cowichan Operations Yard, to receive a rebate.

New stoves reduce smoke by 70% and use 1/3 less wood.

Most insurance companies require notification when you make changes to your wood heating system. To receive the rebate we require that the work is completed or inspected by a Wood Energy Technical Training (WETT) certified technician and the documentation is included with the rebate application. The stove and chimney must meet current WETT and CSA standards.

Only one wood stove rebate per residence will be granted. The value of the rebate will not exceed the value of the new stove. It is up to the buyer to fully complete the application to qualify for the rebate. A tracking number will be provided to secure the rebate by calling North Cowichan at 250-746-3130.

To qualify for the rebate the following three steps must be completed:

STEP 1: Qualify

To qualify, the appliance being exchanged must be presently used for heating purposes in your home and is not US EPA emission certified. The old stove must be built prior to November 1, 1994. Your retailer or North Cowichan representative can assist you with confirming this step.

STEP 2: Retailer Discount/Installation

Prior to purchasing a new appliance, call the North Cowichan office 250-746-3130 to receive a tracking number. The participating local retailers (listed at right) will discount your purchase by \$50.00 when provided with this tracking number.

We require a copy of the purchase receipt (with the \$50 discount) and a copy of the WETT-certified technician's installation or inspection report of the stove and chimney assembly.

STEP 3: Disposal of Old Stove

For safety and security reasons, you must make an appointment to drop off your old woodstove.

Call the North Cowichan office at 250-746-3130 to make an appointment to drop off your old woodstove at the North Cowichan Operations Yard on Sprrott Road.

Stoves dropped off without an appointment will not receive a rebate. Any ash or brick liners must be removed prior to bringing the old stove to our Operations Yard and must be disposed of appropriately.

Once North Cowichan has received your old stove and a copy of the purchase receipt (with the \$50 discount), and a copy of the WETT-certified technician's installation or inspection report of the stove and chimney. The remaining \$300 or \$350 will be mailed to you.
